

To Whom It May Concern,

9/16/2024

This letter will serve as a reference in support of the capabilities of CCM Roofing.

We have direct experience in working with CCM Roofing over the past 5 - 7 years. During this time they have proven to be a professional asset to us on many projects. We have used them in the past to install commercial grade roofing and siding with the most recent project currently underway at the Central Islip Fire Department.
